EMAIL

The event will occur on Friday February 7th, 2014. You are required to present your 3MT™ in person at this time. Deadline for submission is Monday February 3rd, 2014 at 5 p.m.

TOPIC SUMMARY (300 characters max.)

Accessible new media tools are important, because they reduce the friction of exhibition installation and creation of new media works. My thesis presents how we may use contemporary technology to design reliable, affordable, private new media presentations, and how these are a form of resistance.

☒ I confirm that I have an approved Thesis/MRP proposal on file with the Office of Graduate Studies. I understand that if I do not have an approved Thesis/MRP proposal on file at the time of 3MT™ registration, my registration will be denied.

☒ I understand that by registering to participate in the 3MT™ competition at OCAD University, I grant permission to OCAD University and its representatives to take photographs or videos of me and to make recordings of my voice at 3MT™ and related events. I further grant to OCAD University and its representatives the right to reproduce, use, exhibit, display, broadcast and distribute these images and recordings in any media now known or later developed for promoting, publicizing or explaining OCAD University and its activities and for administrative, educational or research purposes. Photographs, video images and voice recordings are the property of OCAD University. I hereby grant permission to OCAD University to use my name with these images and recordings.

☒ I acknowledge that any data or information discussed or divulged in public sessions by presenters should be considered information that will likely enter the public realm, and I should not assume any right of confidentiality in any data or information discussed, divulged or presented in these sessions. If my research includes confidential or culturally sensitive material, I accept full liability for presenting said information. I understand that the Office of Graduate Studies advises that I discuss my competition entry with my supervisor(s) before entering the 3MT™ competition.
